

MINI PROJECT REPORT

MY DIARY

Submitted By:

Dharmpal Chaudhary(148604)

Panch Bahadur (12633)

Saurabh Yadav(148611)

Guided By:

Prof. D.L. Gupta

Department Of CSE

KNIT , Sultanpur

Department of Computer Science & Engineering

Kamla Nehru Institute Of Technology, Sultanpur

Uttar Pradesh – 228118

Acknowledgements

We would like to extend to express our immense pleasure while submitting this project on “My Diary” for partial completion of B.Tech program.

We are thankful to **Prof. D. L. Gupta**, and **Mr. Chandrajeet Yadav**, Department of Computer Science & Technology who guided us through out.

We are highly thankful to **Dr. Anil Kumar Malviya**, Professor & Head, Department of Computer Science & Engineering, KNIT Sultanpur, our Faulty Mentor for his encouragement, guidance and valuable suggestions, which I incorporated in my project.

We would also like to thank our friends for the constant follow up and boost provided by them through their encouragement during the course of carrying out the project.

Dharmpal Chaudhary
Panch Bahadur
Saurabh Yadav

Certificate

We hereby declare that the project work entitled “**My Diary**” is authentic record of our own work carried out during the Sixth Semester of our B.Tech Program.

The project report has been submitted by our team for the partial completion of the B.Tech. Program.

Dharmpal Chaudhary

Panch Bahadur

Saurabh Yadav

Contents

Sr. No.	Particulars	Page No
1	Acknowledgement	2
2	Certificate	3
3	Introduction	5
	Features	5
4	Implementation	6
	index.php	
	signup_exec.php	
5	User Interface	18

Introduction

Features

- 1) We can save our memories by just creating an account and writing notes and saving it.
- 2) It has a great user friendly interface which helps everyone to easily use it.
- 3) Whenever you will sign-up, your password will be stored in encrypted form.
- 4) Cool look makes it more valuable and it contains more new technologies.
- 5) All contents like about us, Sign-up menu are in same page.
- 6) Password validation is very helpful and acknowledge to enter right length password.
- 7) Internet dependencies – works very well with fast connection as well as slow connection.
- 8) Responsive design.

Implementation

Index.php

```

REGISTRATION FORM

Name:

Username:

Age:

Gender:

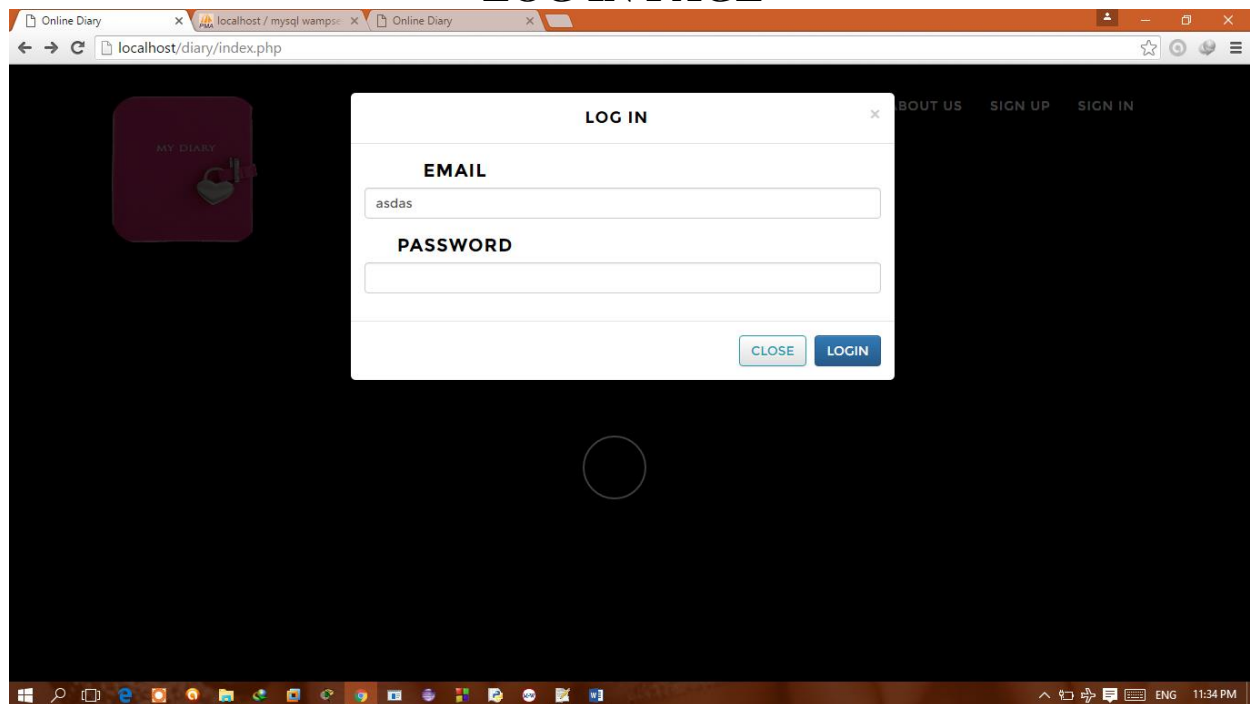

The screenshot shows a web browser window with the URL `localhost/diary/index.php`. The page has a dark background and a navigation bar at the top with links for **ABOUT US**, **SIGN UP**, and **SIGN IN**. On the left, there is a pink diary icon labeled "MY DIARY". The main heading is **REGISTRATION FORM**. The form contains the following fields:

- Name:**
- Username:**
- Age:**
- Gender:**
- Email:**
- Password:**

A blue **SIGN UP** button is located below the password field. At the bottom of the page, the copyright notice "© Online Diary 2016" is displayed.

LOG IN PAGE

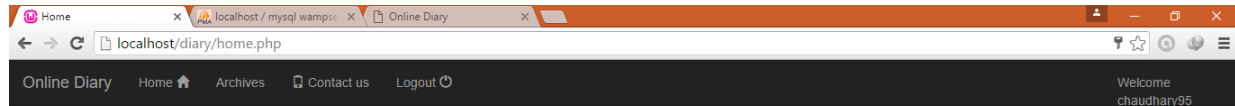

The screenshot shows the same web browser window, but now displaying a login modal. The modal is titled **LOG IN** and contains the following fields:

- EMAIL:**
- PASSWORD:**

At the bottom right of the modal, there are two buttons: **CLOSE** and **LOGIN**. The background of the page is dark, and the navigation bar remains visible at the top.
